## MESSAGE FROM DIRECTORS

**David Lawrence**  
President  
Global Plastics &  
Mould Technologies

**Mahendra N. Patel**  
Director  
Ferromatik Milacron  
India

**D**ear Friends,

We begin by wishing you all the very best for the Financial Year 2012-13. We all at Ferromatik Milacron India sincerely wish that this Financial Year brings you the huge Success & Prosperity.

The Plastindia 2012 Exhibition held from 1 - 6<sup>th</sup> Feb 2012 at Pragati Maidan, New Delhi showcased the strength of the Indian Plastic Industry. We participated at Plastindia 2012 in a big way with our top of the Line Injection Moulding Machines demonstrating Innovation in terms of Technology, Productivity & most importantly the Energy Savings.

Our Stall was inaugurated by the Plastics Industry Leaders Shri M P Taparia - Managing Director of The Supreme Industries Ltd. along with Shri S J Taparia & Shri V K Taparia – Executive Directors. The message delivered by The Supreme Industries Ltd. *Quote* “Ferromatik Milacron India is poised for Great Growth along with the Stupendous Growth of Indian Plastics Industry. Keep up the good wok, continue to serve your customers & set the highest standards in terms of Value Delivered.” *Unquote*

Key Attractions were Machines demonstrating Latest Technology, Precision & Energy Savings with Servo

Technology, PDA (Process Data Analysis) & High Speed Applications.

Our theme was “One Dream Go Green”, which was emphasized on energy savings of Injection Moulding Machines & aimed at Green Offerings to Green Engagement to Green Communication.

From more than 20 Countries, Leaders of Plastics Industry & Leading Customers visited our booth, admired our products & overall ability to serve the customers and appreciated our stall & exhibits.

Thank you all for your Patronage & Support.

## EXHIBITION

### Ferromatik Milacron India at Plastindia 2012, New Delhi

FM IPL Stall Inauguration by Shri M P Taparia - Managing Director of The Supreme Industries Ltd.

We participated in a big way at Plastindia 2012, 8th International Plastics Exhibition & Conference at New Delhi during 1 - 6<sup>th</sup> Feb 2012. Amidst global uncertainties & dithering business confidence, the show turned out to be a grand success in terms of customer turnout & actual business generation.

Ferromatik Milacron India concluded the highest business at PlastIndia so far for 75 Machines worth Rs. 30 Crores.

### One Dream Go Green - Our Green Initiative

“One Dream Go Green” “One Dream Go Green” was the theme, adopted to emphasize on the energy savings with the latest machines demonstrated with Servo Drive & All Electric Technology.

Our Green initiatives are directed towards our mission to reduce the

Carbon Footprint of this planet through our endeavour to produce machine efficiently by consuming the least amount of resources. We also deliver Injection Moulding Machines to our customers with latest technology which consumes the least energy there by making them competitive & reducing the energy consumption needs of our Country & Planet.

### Plasticon 2012 Award - The Gold Trophy to Ferromatik Milacron India

The Gold Trophy in Plasticon 2012 Award Ceremony for our Elektron Machine (All Electric Injection Moulding Machine) has been very prestigious for us. This award not only shows our Superior Technology but also our Speed with which we develop & introduce our new products.

Jigish Shah, VP - Design & Development, FM IPL receiving Plasticon Award 2012

## View of Innovative Products Displayed at Plastindia 2012

Product development is focused towards fulfilling customer needs of meeting High Productivity & Lower Cost of Production to give them Cutting Competitive Edge.

### ELEKTRON 200

All Electric Injection Moulding Machine

- Ultimate Energy Saver
- Article : Foodie Cup
- Cycle Time : 4.5 Sec.
- Mould : 4 Cavity Mould

### MAXIMA SERVO 500

Two Platen Injection Moulding Machine

- Maximized Profit
- Article : Foldable Crate
- Cycle Time : 17 Sec.
- Mould : Single Cavity Mould

### HYDRON SERVO 250

Hydraulic Injection Moulding Machine

- Hydraulic Punch
- Article : Paint Pail
- Cycle Time : 17.2 Sec.
- Mould : Single Cavity Mould

### SERVO PACK 150 (NEW LAUNCH)

Toggle Injection Moulding Machine

- Packaging Power Unfolded
- Article : MIWA Cup
- Cycle Time : 4.6 Sec.
- Mould : 24 Cavity Mould

### MAGNA T 350

Toggle Injection Moulding Machine

- New Standard in Toggle Technology
- Article : Tooth Paste Cap
- Cycle Time : 7 Sec.
- Mould : 144 Cavity Mould

### HYDRON ACCUPACK 200

Hydraulic Injection Moulding Machine

- Ultimate Packaging Solutions
- Article : Round Container
- Cycle Time : 7.8 Sec.
- Mould : 2 Cavity Mould

# MILESTONE

## Handing Over Ceremony of Ferromatik Milacron India's 6001<sup>st</sup> Machine - Another Milestone...

Shri Satvinder Singh Tanwar - Executive Director, Unitech Machines Ltd. with FMIPL Team

Unitech Machines Ltd. is the flagship company of the UM Group an auto division, 100% OEM / DOL supplier to "Hero Motors" the World's Largest Two Wheeler Manufacturer. Their Auto Division has been growing steadily with assuring strengths over the last decades.

Under the able Leadership of Shri Satvinder Singh Tanwar - Executive Director, Unitech Machines Ltd. made a modest beginning in June 1997 by installing Ferromatik Milacron India's Sigma 200 T Injection Moulding Machine. Since then Unitech Machines Ltd. has grown progressively by adding new machines every year from us. Today they

have total 83 machines of Ferromatik Milacron India in their group at different locations including this machine.

Milacron as a family is proud to be associated with Unitech Machines Ltd. since our inception & respects them as a partner in our success. We value their patronage & pray for our mutual association to continue for ever.
